# School Report.

---

The Annual Report of the Board of Education for the year ending March, 1890, is herewith submitted.

In reviewing the work of the year we are gratified to find that progress has been made in all our schools.

Efficient teachers were placed in charge, who labored faithfully in the interest of their schools, and the work generally has been satisfactory, and there is much to be commended.

To secure the best results in school, lessons must be learned in their order from day to day, and the drill of the teacher must be continuous. If scholars are irregular in attendance, great progress cannot be made. Those who attend school three days, only, during a week, are liable to fall helplessly behind.

The attendance for the year has not been as constant as we could desire, but with the exception of unavoidable absences, we think there has been an improvement over former years.

At the beginning of the year, we suggested that more time be given to Mental Arithmetic, Compositions, Map-drawing, and the "Injurious effects of alcoholic stimulants and narcotics upon the human system." The first subjects received considerable attention, and a marked improvement was made, especially in composition work.

The Legislature at its last session, passed the following act relative to free text-books :

Be it enacted by the Senate and House of Representatives in General Court convened :

SEC. 1. The school committee of every city and town shall purchase, at the expense of such city or town, text-books and other supplies used in the public schools ; and said text-books and supplies shall be loaned to the pupils of said public schools free of charge, subject to such rules and regulations as to care and custody as the school committee may prescribe ; *provided*, that in purchasing the first supply of text-books under this act, the school committee may effect a change in the text-books previously and then in use upon any subject.

SEC. 2. Pupils supplied with text-books at the time of the passage of this act shall not be supplied with similar books by the committee, until needed.

SEC. 3. This act shall take effect upon the first day of January, eighteen hundred and ninety.

By this law it will be seen that henceforth text-books and school supplies are to be furnished to the public schools at the expense of the town. Such books and supplies will be the property of the town, and are to be loaned to the pupils, (while in school,) who are to be held responsible for their careful use and return to the board at the end of the term or year.

Children will acquire the habit of carefulness in the use of books, if required to pay for a book damaged beyond the necessary wear in use.

Additional work will be required on the part of the teacher, as she will need to keep a careful account of the books and their condition, delivered to each pupil, and hold that pupil responsible for the care and return of the same at the end of the term.

Let us all use our best endeavors to have our schools conducted in such a manner that the "greatest good to the greatest number" shall be the result, and while congratulating parents and pupils on the prosperity of the past year, we would wish that the results of the coming year may be even more successful.

## NORTH SCHOOL.

MISS MARION HILLIARD, Teacher.

Miss Hilliard entered upon her duties with a genuine love for the work of teaching, and throughout the year, has been prompt in action, and pleasant in discipline, proving herself eminently fitted for her chosen vocation. A visit to the school was always pleasant and profitable. The closing examination was well attended, and the exercises were such as to make a favorable impression upon those who listened to them.

## ROLL OF HONOR.

*First Term.*—Mary A. Gove, Grace A. Hilliard, Mary A. Hilliard, Edith Ross, Hattie Wadleigh, May F. York, Archie T. York.

*Second Term.*—Mary Gove, Fannie Gove, Edith Hilliard, Mary Hilliard, Stewart Rowe, Arthur Wadleigh, Roscoe Kimball.

*Third Term.*—Mary Hilliard, Arthur Wadleigh. Not absent or tardy for three years, Mary Hilliard.

### EAST SCHOOL.

MISS ANNA M. LAMPREY, Teacher.

We employed Miss Lamprey with no misgivings as to her ability to keep a successful school. Under her guidance the scholars were stimulated to greater mental effort, which produced results gratifying to the friends of the school.

Forty-three of the parents and friends were present at the close of the school, when the recitations were especially prompt and interesting, showing that much time and thought had been bestowed upon the work of the year.

#### ROLL OF HONOR.

Not absent for the year, Nellie Mace, Herman Brown.

Absent but one day on account of sickness, Ned Brown.

Not absent for one term, Annie L. Chase, Francena Gill, Claudine Hull.

### WEST SCHOOL.

MISS MARY J. PRESCOTT, Teacher.

Miss Prescott possesses a natural aptitude for teaching, and our expectations in regard to her success were realized in the results apparent at the close of the year.

Although this school is small in point of numbers, the time of the teacher is constantly occupied, and the work accomplished will compare favorably with that of any other school.

At the close of the term, the several classes were found to be well advanced, and the recitations were interesting.

#### ROLL OF HONOR.

Not absent for the year, Edith Eaton, \*Carrie Foss.

Not absent for one term, Grace Evans, Mary Palmer.

SARAH A. GREEN,

For the Board of Education.
